AGLORIOUS Thanksgiving and now for a more glorious Christmas.

"Pushing to the Front" should be the motto inscribed upon every ambitious young man and woman's brow.

WHAT is the best capital any young man ever possessed or inherited? Ambition reinforced by industry, grit and an insatiable eagerness to do something noble and worthy in life.

COUNT no life worthless until you have beheld its end. Then, if, after having given it study, you find nothing worthy or noble attempted, you may justly conclude that such a life was spent in uselessness.

IT seems rather strange that Columbia has become so magnanimous to Uncle Sam, since the plucky little Republic of Panama came into existence. Our honest Theodore will look pretty sharply after this Columbian generosity lest it work a hard-ship upon our Panamanian neighbors.

A SOUTHERN COLLEGE driving from its faculty an able professor merely because he avowed in a Southern Magazine that the most feasible method of solving the Race Problem, is to give the Negro a fair and manly chance. A Northern College honors a Negro youth by substituting him as one of its chief champions in an Inter-Collegiate Debate. Then too circumstances seem almost antipodal in their trend, nevertheless we see them and rejoice at the success attending the labors of our aggressive youth.

NOW is an excellent time for us to begin the cultivation of a truly literary taste in Central Missouri. Many reasons prompt us to urge our readers to read more useful books, listen to more classical music, run less after 'Ragtime' melodies; write prose and verse; study the art of expression, oral and written. No one can properly estimate the value of oral or written expression—the ability to say what we wish said to others, in such a manner that they will understand exactly what we wished them to understand and nothing more. If there was more study of expression, there would be less misunderstanding of each other in this life. It is very urgent, indeed, that each of us should give this some thought, and a great deal of our extra time.

Viebrock & Gieschen handle the stoves that will make "eney body" warm. Try them, prices to suit.

WHO would have colleges dispose of their athletics? No, sane man to be sure. Some say that Foot-Ball is too rough, requires too bravado etc., which detracts from the mental energies of the individuals but, we would submit this proposition, granting (for arguments sake) that Foot-Ball and such other out-door sport does detract from the mental powers of the youth. Does not Foot-Ball and kindred sports develop in the young man moral and physical strength which far exceeds the loss entailed upon his mental capacity? An individual may be possessed of the keenest and most productive mental powers, but at the same time might be defective in physical and moral courage and grit to carry out those stupendous projects conceived with so much facility and ease. Hence, we must count the acquisition of physical and moral courage as an asset of no mean importance, while arranging our "balance sheet" of life. Some say that many are crippled; a few are often killed while engaged in this the pursuit of such sports. This argument, however, is found to be as untenable as to urge our state legislatures to prohibit rail-roading, because some thousands of persons are injured every year.

Therefore, we say let the American Collegian have his foot-ball golf etc.; let them yell their college yells; let them flaunt their college colors, and if there should be some a pretty large some, who feel that such exhibitions of scholastic are enthusiasm detrimental to our well-being, let them hie themselves to some secret nook, in the quiet shades of absolute oblivion.

ENTERTAINED.

Rev. and Mrs. Alexander, of the A. M. E. Church, entertained the following distinguished guests at their residence, the parsonage, Monday evening, the 23rd inst. Rev. J. D. Barksdale, Presiding Elder of the St. Louis District, A. M. E. Church; the Rev. Dr. J. Will Jackson, Presiding Elder of the St. Joseph District, M. E. Church; Prof. Shelton French, Principal of the Lincoln High School, and president of the Mo. State Teachers' Association, and wife, and Mrs. Mattie L. Teeters, first assistant in High School.

A table laden with viands, such as satiates the most selective appetites, was spread. These divines and educators spent a most pleasant time together discussing, in an informal way, topics of religious, political, and educational interests. They parted in grateful remembrance of the host and hostess, in the hope of meeting them soon again under similar felicitous surroundings.

A Former Sedalian's Return.

Mr. Frank Gayhart and wife, formerly of this city but now of Albuquerque, N. Mex., are visiting relatives here. Mr. Gayhart at one time owned and operated a blacksmith shop here. Since he left, he has served in the Spanish-American war, and is a discharged commissioned officer.

He speaks of making this his future home, entering along some business line. Sedalia needs first class Grocers, Druggists, etc., in good locations, and it is hoped that Mr. Gayhart will give the matter a thoro study, and join us in making this the first community in the State.

NEGRO BOY WILL REPRESENT HARVARD IN DEBATE.

BOSTON MASS., November 29.—Ferdinand Morton, a colored boy will represent Harvard in her annual debate with Yale in place of T. H. Reed of Alliston, Mass., whose health has been worn out by studies and by other activities including work in the Anti Liquor league. Morton, whose home is in Washington, D. C., is a graduate of Phillips Exeter academy and an exceptional student.

The nobbiest, neatest, and flashiest suits of the season are of the Alfred Benjamin make, at the gents' emporium, St. Louis, Clothing Company, Corner Second and Ohio.

Prof. J. W. Cooper and brother, accompanied by Prof. H. C. Richardson, of the Lamonte public school, were interesting callers to our office Saturday.

These are some of the coming young men of our race, who already show by their work that they are to be reckoned among the masters in the future.

Prof. Cooper, you recall, is a frequent contributor to our papers columns.

Our thanks are due Messrs. Wesley Ward, Crid Spriggs, and Lizzie Bird of Sweet Springs, Mo. Frank Williams, Malta Bend, Mo., and the Rev. C. R. Smith, Blackwater Mo., for cash annual subscriptions during the past week.

Miss Lillian Martin who teaches at Smithton, came home for thanksgiving and—

Mrs. Mattie L. Teeters spent thanksgiving at Kansas City with relatives.

Mrs. L. A. Murray of Holden spent a very pleasant Thanksgiving in Sedalia, with Mrs. Violet and returned home Sunday.

C. M. English and Prof. J. B. Simpson will be at Otterville Sunday in the interest of Journalism and the Geo. R. Smith Industrial Building. Hear them.

The purpose of the College is to give a thorough, practical christian education. It cares for the health and physical training, provides for refined social culture, gives careful attention to morals and manners, and aims to lead the student to a personal religious life.

The work of the College is divided into six general departments.

I. Primary and Grammar Grades, providing a thorough drill in the elementary branches.

II. Academy or College Preparatory, with Classical, Scientific, Biblical English, Normal and Commercial courses.

III. Art Department—Drawing, Painting and Decorative work.

IV. Music Department—Vocal and Instrumental Music, Theory and Harmony.

V. Industrial Department—Sewing, Dressmaking, Cooking, Domestic Economy, Mechanical Arts, Agriculture.

VI. College of Liberal Arts—Complete elective courses leading to the several academic degrees.

Work and Self-help.

A number of students boarding in the College are permitted to earn some part of their expenses by work in the building or on the grounds, provided they are willing and efficient. Liberal pay is allowed for all work done, but employment will not be continued to those who fail to do their work satisfactorily. Most students earn in this way \$2.00 a month; some earn larger amounts. Application for work should be made to the President in advance of coming.

A large number of students find employment in homes in the city, sufficient to meet expenses of board and tuition. The call for young ladies for these positions is always greater than the supply. Application for such employment should be made in advance through the President of the College.

As far as possible we endeavor to safeguard those working in the city, but cannot be fully responsible for those outside the building. Only young men and women of established habits and character can be allowed this privilege of out side residence.

In case of minors this may be granted only on the written request of parents or guardians.

Expenses.
